

PAOLO PASTORINO

Researcher
Fish Biology and Diseases Laboratory
Regional Reference Centre for Aquatic Biodiversity
Istituto Zooprofilattico Sperimentale del Piemonte, Liguria e Valle
d'Aosta, Torino, Italy
Phone: +39 0112686295
E-mail: paolo.pastorino@izsto.it

In 2012 he graduated with honors in “Aquaculture and hygiene of fish production” at the University of Bologna. In 2015 he graduated with honors in “Environmental Biology” at the University of Turin. In 2020 he obtained the title of PhD in “Environmental Life Sciences” at the University of Trieste. In 2022 he obtained the national scientific qualification for the functions of Associate Professor in the scientific sector 05/C1 “Ecology”.

Currently, he is researcher at the “Istituto Zooprofilattico Sperimentale del Piemonte, Liguria e Valle d'Aosta”. In addition, he is adjunct professor of “Ecology” at the Department of Veterinary Sciences, University of Turin. His research activities are mainly related to fish diseases and aquatic ecotoxicology. A recent line of research includes the study of microplastics in the aquatic environment with particular attention to the (eco)toxicological effects. He is author of more than 80 papers in relevant international journals (indexed WOS/Scopus) and >150 scientific contributions in national/international conference proceedings.

He is member of the Editorial Board of the following international journals: Science of the Total Environment, Environmental Research, Ecological Indicators, Journal of Hazardous Materials Letters, Water Emerging Contaminants and Nanoplastics, Italian Journal of Freshwater Ichthyology.
